

HUNGARY – National and Regional Funding Programmes

National Programmes

Programme title	SPEED-LINE (Gyorsítás) GINOP-2020-1.1.5	
Country/region (NUTS2)	Hungary	
Main objective	The scheme supports the development of prototypes by grants in biotechnology, medical technology and ICT. The requirements include the involvement of research staff at companies and the projects shall lead to bringing new products to the market.	
Entity/authority driving the programme	National Office for Research, Development and Innovation (NKFIH)	
Relation to MB sectors		Construction
		Additive Manufacturing
	X	ICT
		Nature based solutions
		Recycling industry
Topics	biotechnology, medical technology and ICT	
Beneficiaries	SME	
Funding rates	between 0,18 and 0,62 million euro (50 – 200 million HUF)	
Eligible costs	costs related to basic research, industrial research or experimental development

Programme title	Startup Factory - GINOP-2020-1.1.4
Country/region (NUTS2)	Hungary

Main objective	The scheme gives grants to technology incubators as service providers with the objective to bring new companies to European market. The financial support is complemented by mentoring and professional advice in technology fields as well as business development trainings	
Entity/authority driving the programme	National Office for Research, Development and Innovation (NKFIH)	
Relation to MB sectors	X	Construction
	X	Additive Manufacturing
	X	ICT
	X	Nature based solutions
	X	Recycling industry
Topics	startup support by technology incubators	
Beneficiaries	SME	
Funding rates	between 0,5 and 1 million euro (150 – 300 million HUF)	
Eligible costs	costs related to experimental development	
Website/more info	https://nkfi.gov.hu/palyazoknak/nkfi-alap/startup-factory-2020-114-startup/palyazati-felhivas

Programme title	SME Innovation - GINOP-2020-1.1.1
Country/region (NUTS2)	Hungary
Main objective	The scheme gives support to companies to start internal innovation process by implementing new methods within the production process. Actions can include experimentation with adaptive innovation which can make product development more efficient and more responsive to market demand.

Entity/authority driving the programme	National Office for Research, Development and Innovation (NKFIH)	
Relation to MB sectors	X	Construction
	X	Additive Manufacturing
	X	ICT
	X	Nature based solutions
	X	Recycling industry
Topics	innovation by SMEs	
Beneficiaries	SMEs	
Funding rates	max. 60% between 30 and 60 thousand euro (10 – 20 million HUF)	
Eligible costs	costs related to innovation services and equipment	
Website/more info	https://nkfi.gov.hu/palyazoknak/nkfi-alap/kkv-start-innovacio-2020-111-kkv-start/palyazati-felhivas
